# ECCONOLIFT<sup>®</sup>

## EXPERTISE

Every Jitney Forklift is designed, built and supported by a team of dedicated and knowledgeable professionals, each with their own area of expertise. They all work together to deliver a forklift that is of superior quality both in design and durability. Engineering, product experts, ergonomists, and operators and mechanics all come together for one purpose – to bring you our products out.

## EFFICIENCY

Jitney Forklifts are manufactured using Six Sigma methodologies. Essentially, Six Sigma identifies and removes the causes of defects so as to minimize the "variability in manufacturing and business processes" "

- Wikipedia Six Sigma

## EXCELLENCE

At Jitney, a commitment to continuous improvement and innovation is a clear indicator of our level of performance and operational excellence. It comes from applying the same patience and diligence to everything we do – from seemingly small tasks to large scale projects and investments, it gives us the shortest path from the factory floor to customers' satisfaction.

Compact design medium duty operation with a load capacity of 4400 lbs. Stable and economic, easy to move in confined spaces such as retail stores, small warehouses, trailers and factories.

Equipped with Curtis controllers for accurate smooth operation. Turtle speed functions moves slowly and smoothly to maneuver in tight spaces.

Maintenance free 24 volt battery.

Battery indicator, key switch and emergency off switch.

Turtle function feature

All Jitney Products meet and exceed ASME B56-1 and CSA B35 Standards.

Model		FBT20	
Power Type		Electric	
Rated Capacity		2000 kg	4400 lbs
Load Center		600mm	23.6in
Service Weight (with battery)		<b>655 kg</b>	<b>1444 lbs</b>
Wheels	Material	Polyurethane	
	Drive Wheel	Ø230*70	9 in x 2.8 in
	Load Wheel	Ø80*70	3.1 in x 2.8 in
	Balance Wheel	Ø100*50	3.9 in x 1.9 in
Wheelbase		1366mm	53.8
Fork Size	LxWxT	1150mmx185mmx60mm	45in x 7.28in x 2.3in
Distance between Fork Arms (outside)		540mm/560mm/685mm	21.2in x 22in x 26.9in
Mini. Ground Clearance (forks)		85mm	3.3in
Length (with / without pedal)		2261mm /1743mm	89in / 68.6in
Width		773mm	30 in
Height		1448mm	57 in
Mini. Turning Radius		1663mm	65 in
Mini. Ground Clearance (chasis)		25mm	.98 in
Aisle Width		2520mm	99 in
Speed (laden/ unladen)	Traveling	5.5/6 Km/h	3.4 mph / 3.7 mph
	Lifting	35/40 mm/s	1.3 in/s / 1.6 in/s
	Lowering	40/35 mm/s	1.6 in/s / 1.3 in/s
Gradeability (laden/unladen)		8/15%	
Service Brake	Type	Electromagnetic	
Battery		24V/180Ah	
Motor	Drive	1.5 kw	2 hp
	Lift	2.2 kw	3 hp
	Steer	0.2 kw	.2 hp

24V Large-capacity

Emergency shut off switch and battery level indicator

CURTIS controllers for smooth with accurate operation.

### Suitable for:

- Warehouse
- Storage Facilities
- Retail Outlets, Shopping Malls
- Beverage Distribution
- Frozen Food Storage
- Pharmaceuticals, Hospitals
- Chemical Handling and Processing Facilities
- Distribution Centres
- Logistics
- Trailers and Trucking
- Factories, Airports

### Features:

- Multi-Function control handle incorporates butterfly-style thumb controls, reversing switch and horn button for ease of use.
  - All controls within finger tip operation for quick and easy operation.
  - Large accessible emergency shut off switch. And battery level indicator
  - Turtle speed control function.
- 5-point support design. The driving wheel and balance wheel are always in contact with the ground to improve the stability. Electronic limit to the lift, eliminates lifting shocks, ensures safe operation.
